## PAEDIATRIC FIRST AID

### Course title

Paediatric First Aid

### FT/PT

PT

### Age group

19+

### Duration

2 days

### Awarding body

Qualsafe Awards

### Course overview

Would you know what to do if a child in your care needed first aid? Having the correct paediatric first aid provision is not only a statutory requirement for the majority of childcare providers, it is extremely important for the safety of children.

The QA Level 3 Award in Paediatric First Aid (QCF) qualification is ideal for those who work or intend to work in a childcare setting as it has been specifically designed to fulfill Ofsted's first aid requirements for early years teachers, nursery workers and child minders (as defined within the Statutory Framework for the Early Years Foundation Stage 2014 and within the Child Care Register guide).

Successful candidates will learn the roles and responsibilities of the paediatric first aider, and will be equipped with the necessary skills to administer safe and effective treatment when dealing with a range of paediatric first aid situations.

### What will I study?
