# How we measure our success

Each year, we will publish an accountability statement on our website setting our SMART targets relating to our curriculum priorities for the following year.

In year, we utilise a range of metrics to determine our impact.

Students choose the right course

Helping people thrive

They attend and engage

Helping people thrive

They gain relevant work experience

Helping people thrive

They develop knowledge, skills and behaviours

They achieve with high grades

Helping people thrive

They progress

Helping people thrive

Students are happy

Employers are happy

They get sustainable employment

Helping people thrive
