

Middlesbrough College Annual Statement for 2022

This is the Annual Statement for Middlesbrough College for the calendar year ended 31 December 2022. It shows the record of Middlesbrough College in handling complaints and appeals in that year.

In this Annual Statement, median data for the OIA Band for Middlesbrough College has not been calculated. This is because the number of complaints that the OIA has received about providers in that OIA Band is small and median data would not provide a statistically meaningful comparison.

Student numbers and OIA Band

We allocate higher education providers that are members of our Scheme to OIA Bands. Most Bands are based on student numbers (see the [relevant definition](#) for more information). The Bands are the basis for the [OIA subscription](#) payable by the provider, and enable us to include contextual information about other providers of a similar size in our reporting.

Year	OIA Band ⁱ	Number of providers in OIA Band	Number of HE	Relevant data source	Relevant data period
2022	B	87	580	HESES	2019-2020

ⁱ **OIA Band:** This refers to the OIA subscription bands. See the relevant definition for more information.

Completion of Procedures (COP) Letters issued

A COP Letter is a letter that providers issue at the end of complaints, appeals or other internal procedures. Each year we ask providers to give us information on the total number of COP Letters they have issued in the previous calendar year.

Our [Guidance](#) on COP Letters says that providers should always issue a COP Letter at the end of the internal procedures when they have not upheld a complaint or appeal, and should issue one if the student asks them to when they have upheld a complaint or appeal. So the number of COP Letters issued is not a reliable indicator of the number of students who are dissatisfied at the end of the provider's internal procedures.

Engagement with the OIA in 2022

This section includes general information about all providers' engagement with us in 2022. Where relevant, we include specific information about the individual provider as well.

Settlement of complaints made to the OIA

In 2022 we continued to look for opportunities to resolve complaints as early as possible. 15% of all the complaints we closed in 2022 were resolved by settlement.

No complaints about Middlesbrough College that we closed in 2022 were resolved by settlement.

Response times to our information requests

A key time frame for our review of a complaint is the time it takes for the provider to respond to our initial request for information that we need to review a case. In 2022, the average number of days providers took to respond to our request for this information was 28 days. In 2022, 10 providers took an average of less than 20 days. This is hugely helpful to us. However, 34 providers took on average more than 30 days to respond.

We report a provider's average response times where we make 5 or more separate initial requests for information during the year. In 2022, we made fewer than 5 separate initial requests for information from Middlesbrough College.

If a provider does not provide information we request during the course of our review, or does not provide it within the time limits set, the Independent Adjudicator may report it to the Board, and may publicise it in our Annual Report.

Compliance with OIA Recommendations

Where we decide that a complaint is Justified or Partly Justified we will usually make Recommendations to the provider. We expect providers to comply with our Recommendations fully and promptly. We monitor compliance carefully and if a provider does not comply the Independent Adjudicator reports this to the OIA's Board and publishes information about it in our Annual Report. It is rare for a provider not to comply with our Recommendations.

Providers complied promptly with 93% of student-centred Recommendationsⁱ with due dates in 2022. On average, providers took 19 days to comply with student-centred Recommendations with a due date in 2022.

Outreach events

In 2022, we ran a wide-ranging outreach programme including webinars, workshops and visits to individual providers. We have received positive feedback on these events and we encourage providers and student representative bodies to participate in our [outreach programme](#).

ⁱ student-centred Recommendations These are recommendations to put things right for the individual student, such as a Recommendation for a rehearing or the payment of compensation. The OIA also makes good practice Recommendations, such as a Recommendation to change or review procedures.
