# Additional Learning Support

At Middlesbrough College, the dedicated Additional Learning Support Team is committed to providing comprehensive guidance and assistance to students throughout their educational journeys.

If you have an existing Education Health and Care Plan (EHCP), the college's Special Educational Needs (SEN) Team will proactively liaise with the Local Authority on your behalf to initiate the consultation process. This ensures the EHCP details are properly shared and considered, although your application will be placed on hold temporarily during this period as the necessary steps are taken.

Similarly, if you previously received SEN support at school, the SEN Team encourages you to connect with your school's SENCo to have that information transferred over to Middlesbrough College. This allows the college's four SEN Team Leaders, each assigned to specific curriculum areas, to develop a tailored support plan catered to your individual needs and learning style. Your staff link will be **[NAME]**

The college also has a specialised Cube Team readily available to assist with exam arrangements, dyslexia screenings, academic support services such as tutoring and study skills, and a wealth of other learning resources.

Prospective students and their support networks are strongly advised to reach out to the SEN and/or Cube Teams at the earliest possible stage to ensure a smooth and effective transition into the college. The dedicated staff are committed to going above and beyond to understand your unique circumstances and provide the personalised guidance you need to thrive in your studies.
