Where can a Digital course take you?

You don't need to study a Digital course at school to do it at College!

The Digital world is one of the fastest-growing industries worldwide, filled with exciting opportunities and careers.

Whether you love technology, being creative, or just want to explore where a digital career could take you, Middlesbrough College has a course for you!

We offer hands-on, industry-focused courses from Level 1 to Higher Education – all you need are your maths and English GCSEs to get started. We give you the right support to succeed, and the skills, experience, and confidence to open the door to a wide range of career paths!
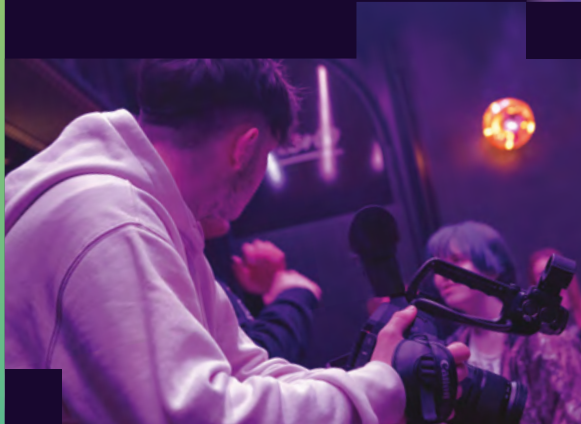

Pathways we offer

Our hands-on courses provide learners with the transferable skills, experience, and confidence employers want, allowing them to pursue a wide range of career opportunities across the Digital sector. Our students go on to work in roles such as the ones below.
