

Construction Services Showcase

Part of Middlesbrough College

TAKING  HIGHER

Reform Information

Just so you are aware, the government are making changes to some of the qualifications that Colleges offer.

This is to help make it simpler to pick a course that matches your future job or university plans, by replacing older courses with a smaller number of options.

We are introducing new qualifications under the guidance of the Government. Meaning we might have some new courses added later in the year. Don't worry though, we will keep you updated and you can choose what you do at enrolment!

If you receive a conditional offer from us for a course area and we change the qualification type, we will let you know but your offer will still remain with us.

Entry Requirements

Level	Entry Requirements	GCSE Resits
Level 1	At least three GCSEs at Grade 1 or above. You can also progress onto this course once you have achieved an appropriate Entry Level qualification.	Learners who have not achieved Grade 4 or above in GCSE English language and/or maths will have these subjects added to their timetable.
Level 2	Electrical Installation - At least three GCSEs at Grade 4 or above, including English language, maths and science and/or an appropriate Level 1 qualification.	
Level 3	You need a Level 2 qualification to progress.	
T Level	At least four GCSEs at Grade 4 or above, including English language, maths and science. You can also progress onto this course with an appropriate Level 2 qualification.	You can't retake GCSE Math or English while doing a T Level

Entry requirements can be found on our website and are subject to change without prior notice so please review these before coming to enrol.

Plumbing – Level 1

What will I study?

- Introduction to Health and Safety in Construction
- Removing and Refitting Water-Filled Radiators
- Working with Non-Manipulative Fittings
- Laying Underground Domestic Drainage
- Bending and Jointing and Connecting Pipes
- Constructing Combined Frames
- Installing Rain water Goods
- Assemble 13amp Switched Sockets Wired in Ring Final Circuit
- Constructing PVC Wiring Systems
- Installing One Way Lighting Circuits

How will I be assessed?

You will be assessed through a combination of written exams and observations of practical tasks in the workshop.

What can I do next?

You can progress into:

- Employment
- An apprenticeship
- Further study at University

Good to know

Plumbing is about installing and looking after systems that move water, gas, and waste in buildings

Electrical Installation – Level 2

What will I study?

This course covers many areas within electro technical technology, both in the workshop and classroom.

- Health and Safety in the Building Services Engineering.
- Principles of Electrical Science
- Electrical Installation Technology
- Installation of Wiring Systems and Enclosures

How will I be assessed?

You will be assessed by theoretical examinations and a summative practical assessment.

What can I do next?

You can progress onto the T Level Electrotechnical Engineering course.

You could also look at gaining an apprenticeship.

Good to know

This course is a great option if you enjoy practical work, problem-solving, and working with technology.

Example Timetable – Level 2

1 – Core Qualification			2 – GCSE Resits		
3 – Work Placement			4 – Thrive Personal Development		
	Monday	Tuesday	Wednesday	Thursday	Friday
8am

3pm					
4pm					
5pm					
6pm					

Plumbing – T Level

• **What will I study?**

- Plan, perform and evaluate your work whilst using various materials, methods and techniques.
- Tools and equipment, pipework materials, installation methods and processes
- Plumbing science and the principles of measurement and marking out components and pipework
- Sustainability and the environmental impact of construction
- Business, commerce and corporate social responsibility

How will I be assessed?

Whilst on your employer-led work placement, you will complete an employer-set project – which is a key essential part of the overall qualification.

What can I do next?

You can progress into:

- Employment
- Onto an apprenticeships
- Further study at University.

Good to know

This course is designed to raise your awareness of industries and develop your knowledge of refrigeration, air conditioning and/or heat pumping

Electrotechnical – T Level

What will I study?

- Business, commerce and corporate social responsibility
- Installation methods and termination connections
- Systems and products used in electrical and electrotechnical engineering
- Analyse and use information to and from electrotechnical systems
- The removal processes as part of system decommissioning
- Mathematical techniques to solve construction problems

How will I be assessed?

Whilst on your employer-led work placement, you will complete an employer-set project – which is a key essential part of the overall qualification.

You will take an industry placement lasting for 45 days, helping you to gain valuable experience in the workplace.

What can I do next?

You can progress into:

- Employment
- An apprenticeship
- Further study at University

Good to know

This programme is recognised by the Institute of Technology.

Surveying and Design – T Level

What will I study?

You will learn how construction projects are designed, planned and delivered, while developing knowledge of health and safety, building technology, construction science, measurement, sustainability and construction law. You will also explore project management, commercial awareness and the use of digital technologies to manage information and support modern construction projects.

How will I be assessed?

- Year 1: You will complete two core written examinations and an Employer Set Project (ESP).
- Year 2: You will complete seven occupational specialism assessments.
- You will also complete a minimum 45-day industry placement.

What can I do next?

You can progress into:

- Employment
- An apprenticeship
- Further study at University

Good to know

This programme is Institute of Technology recognised.

You'll develop practical skills using industry-standard surveying equipment, CAD software and 3D modelling tools, preparing you for careers in Architecture, Quantity Surveying and Project Management.

Civil Engineering – T Level

What will I study?

You will learn how infrastructure and construction projects are designed, planned and delivered, while developing an understanding of health and safety, construction science, measurement, building technology, sustainability and project management. You will also explore the use of digital technologies and industry practices that support the delivery of civil engineering projects such as roads, bridges, utilities and major infrastructure developments.

How will I be assessed?

- Year 1: You will complete two core written examinations and an Employer Set Project (ESP).
- Year 2: You will complete seven occupational specialism assessments.
- You will also complete a minimum 45-day industry placement.

What can I do next?

You can progress into:

- Employment
- An apprenticeship
- Further study at University

Good to know

You will also study specialist units such as civil engineering solutions and managing the delivery of civil engineering projects. This can lead to careers in Civil Engineering, Project Management, Site Management, and other roles within the construction and infrastructure sector.

Example Timetable – T Level

1 – Core Qualification			2 – GCSE Resits		
3 – Work Placement			4 – Thrive Personal Development		
	Monday	Tuesday	Wednesday	Thursday	Friday
8am

12am					
1pm					
2pm					
3pm					
4pm					
5pm					
6pm					

Uniform, kits & PPE

What will I need?

- Trousers
- Polo shirt (Each area will wear a specific colour to identify their course)
- Steel toe cap work boots
- Goggles
- Hard hat
- Light eye protection

YOU **MUST** WEAR YOUR PPE **AT ALL TIMES DURING WORKSHOP SESSIONS**

How do I get this?

We order your PPE at enrolment, and it will be available before your first workshop session.

PPE IS **YOUR** RESPONSIBILITY – YOU MUST BRING YOUR PPE TO **EVERY** SESSION AND LOOK AFTER IT ALL YEAR

How much will it cost me?

We will give you PPE (Personal Protection Equipment)

This will be **free**

SPORTS ACADEMIES

Launched in 2012, MC ELITE (Elite Level Institute of Training & Excellence) is where precision meets power, strategy meets strength, and ambition meets performance.

Built for dedicated, high-potential athletes, it delivers prestigious, top-level coaching, industry-leading facilities and a performance-focused mindset.

- \ Basketball
- \ Cricket
- \ Esports
- \ Men's Football
- \ Women's Football
- \ Golf
- \ Gymnastics
- \ Swimming
- \ Volleyball

BORO X MC ELITE

We are proud to partner with Middlesbrough FC, offering Men's U19 and Women's U19 pathways that help create future pathways into football, higher education and employment!

You don't need to be doing a sports course to join one of our sports academies!

STUDENT PERKS

TRAVEL

TRAVEL

SHUTTLE BUS

TRAIN

FREE Wi-Fi, £5 printing credit and subsidised stationery costs

FREE student parking
Subject to availability.

10% discount on great food

FINANCIAL HELP

20% discount on hair and beauty treatments, plus a free haircut in your first term!

College gym membership for just a one-off £10 fee!

FREE* college meals
**If you currently receive free school meals, this could continue at college.*

Conditional Offers

Conditions of your offer include:

- ❑ **Getting the grades you need for your course/subjects**
Entry requirements can be found on our website and are subject to change without prior notice so please review these before coming to enrol.
- ❑ **Approval from our Learning Support or Safeguarding Teams (if required)**
Some extra checks may still need to be completed behind the scenes – but, if anything changes regarding your application, they will contact you directly.
- ❑ **Fully enrol during our Main Enrolment period (19th and 27th August)**
19th – 23rd August is used for priority enrolment appointments, so please make sure you are available on these dates as a minimum, but we advise not being away for main enrolment.
- ❑ **Places on your course being available at Enrolment**
Even if you've got an offer, your place on the course isn't confirmed until you enrol. Some courses fill up fast – especially in the first few days of enrolment!

Additional Learning Support

Our friendly teams can help you with your learning.

If you have declared an EHCP:

We might pause your application while The SEN Team speak to your local council to check your plan.

We may also contact you to book an appointment with one of our ALS team leaders.

Do you have SEN support at school?

Ask your school SENCo to share it with us so we can plan the right support for you.

Other support?

The Cube Team will help you with things like exam support (extra time, readers etc), dyslexia checks, tutoring, and study skills. This can all be sorted when you start with us!

For any support queries, contact: sen@mbro.ac.uk

Enrolment

Enrolment (19th – 27th August)

Enrolment is by **appointment only** and is based on offer date/status per application. It is important that you attend your priority enrolment appointment for the best chance of securing your place.

We strongly recommend not going on holiday during our main Enrolment period. Details will be sent during the summer via email and letter.

Enrolment must be **completed in person by the student**, as we do not offer alternative enrolment options.

Important Dates

Please make a note of these dates, and avoid booking holidays on them:

- 19th August: GCSE Results Day
- 19th – 27th August: Main Enrolment

Next Steps

What happens next?

- We will confirm your conditional offer within 10 working days via email and letter
In some cases, extra checks may need to be completed first with our ALS/Safeguarding team which can delay this.

Your next steps – via the applicant page:

- Review the Showcase presentation and find other useful information
- Accept your conditional place
- Book a place on the taster sessions (optional)
- Onsite enrolment (19th – 27th August)

Scan the QR code, or use the link in your offer email and letter to access the applicant page

LAUNCH YOUR CAREER with an Apprenticeship!

Part of Middlesbrough College

What is an apprenticeship?

An apprenticeship is a real job where you:

- ↳ **Earn a wage**
- ↳ **Gain hands-on experience**
- ↳ **Study towards a recognised qualification (usually one day a week at college)**

Apprenticeships available in:

- ↳ **Accountancy**
- ↳ **Beauty**
- ↳ **Business Administration**
- ↳ **Catering and Hospitality**
- ↳ **Childcare, Healthcare and Education**
- ↳ **Construction**
- ↳ **Dental nursing**
- ↳ **Engineering and Manufacturing**
- ↳ **IT, Digital, Marketing and Media**

The current
min wage for an
apprentice is:

£8 /hour
for U19s

Δ Bursary paid weekly and based on positive attendance

For further details, please see the Middlesbrough College financial policy located on our website: www.mbro.ac.uk

Around the world **WITH MC**

Careers AND EXPERIENCE

We're not just here to help you succeed in the classroom. We're here to support you in the real-world, too!

CAREERS TEAM

Whether you're aiming for university, an apprenticeship or your dream job, our Careers Team is here to help you with:

- ↳ One-to-one careers guidance
- ↳ CV, job and apprenticeship application support
- ↳ University and UCAS application support
- ↳ Employability skills development
- ↳ Grofar – a smart digital tool to plan and track your work placements and enrichment

WORK PLACEMENTS Stand out from the crowd!

You'll benefit from:

- ↳ Strong links with top local, regional and national employers
- ↳ A dedicated Work Placement Coordinator who'll support you every step of the way and has connections with employers in your chosen industry sector
- ↳ Tailored work placements that fit your course and career goals
- ↳ Travel card support so you can easily get to your work placement
- ↳ Boosted confidence and employability skills

STUDENT SERVICES Here for you

Your wellbeing matters.

That's why our Student Services Team is always on hand to support you!

We offer:

- ↳ Free, confidential counselling
- ↳ Dedicated welfare and safeguarding officers

If you need a hand, we've got your back.

ADDITIONAL LEARNING SUPPORT (ALS)

We are committed to providing a learning environment in which there is equality for all members of our community.

Our specialist services include:

- ↳ Dyslexia / Dyscalculia Support Tutors
- ↳ Extra maths and English support
- ↳ Communication Support Workers for the deaf
- ↳ IT trainers for the visually impaired
- ↳ Specialist Learning Support Assistants to support students with emotional, behavioural and social difficulties or neurodiversity
- ↳ Assistive technology and software resources
- ↳ Special exam arrangements

The ALS Hub is located on the ground floor of the college. Why not come along and check it out?

Why not **SEE IT FOR YOURSELF?**

The best way to experience life at Middlesbrough College and TTE is to visit us at one of our open events.

Explore our industry-standard facilities, meet our expert tutors, discover the courses that interest you, and get a real feel for student life. If you're ready, you can even apply when you visit us!

2026/27 OPEN EVENTS
